

A Better Choice Home Care

A Better Choice Home Care is dedicated to delivering consumers the highest quality in home care services. We offer Personal Support Services to the elderly and to those who are acutely or chronically ill. We help consumers with functionally limiting disabilities remain in their homes and be as independent as possible.

We also offer respite services to family caregivers. We are concerned with all aspects of your home care needs, including physical limitations, mental and emotional well-being, or chronic illness.

We understand not having help at home with personal care, housekeeping, meal preparation and more can be very overwhelming for someone suffering with illness or physical limitations. We will work quickly, to get the services you need started without delay.

Our staff are well trained and certified PSS/CNA. They are reliable, understanding, and compassionate care givers.

Call us today at (207)-462-9498 to schedule an appointment.

Our inspiration for the agency

Getting you back to healthy living.

Did you know most elderly in Maine go without personal support services because they don't realize that there are services available to help them? Most seniors or adults with disabilities in Maine can qualify for services through one or more of the programs Maine offers, or through private pay. Call today and we can direct you with helpful information to get you started with the right program for your specific needs.

Services we offer:

- Help with Bathing
- Shampoos
- Skin Care
- Medication reminders
- Housekeeping
- Laundry service
- Grocery Shopping
- Meal prep
- Transportation service
- And so much more!

Currently, we're offering FREE home care assessments.

Contact us today at (207)-462-9498.

Start home care services now!

Touching lives...one family at a time
